## MarineFloor, Floating Event Specialist

Since the beginning, we support event organisers of all importance to meet the challenges of their wildest projects.

We are proudly contributing to the realisation of major sailing events, but also to have floated cars for product launches, we have helped in the realisation of various sports events, from triathlon to floating rugby field, we have allowed beautiful moments of conviviality on the water, new crossings, beautiful fireworks, ...

**Customised services**  
**Logistics**  
**Pontoons & terraces**  
**Renting**

### Focus points

- Each project is unique and our response is tailored to your needs
- Studies & design, transport, assembly, maintenance, dismantling: we ensure all stages of the installation
- The Eco-System cubes are both lightweight and very strong, with a buoyancy capacity of 360 kg / m<sup>2</sup> to almost a ton
- From a simple pontoon to a giant terrace of several hundred squared meters, everything is possible and adaptable, to purchase or rent
- We provide event services and rental from 3 days to several months

" At MARINEFLOOR Europe, we love events ! We like to work upstream to find solutions to specific requests, to create new applications, to always provide the most adapted and qualitative solution. We love the atmosphere of events preparations, the challenges, the rare moments, the human energy of these moments ...

Our passionate and human-sized team dedicates itself to your project, to bring the best comfort, service and satisfaction..

Do you have a project, an idea? Let's talk about it ! "

And you,  
what's  
your  
project ?
